-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 4-6, 10, 13 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Lee (US 5,313,351). Lee shows in figure 1 a device for playing and storing several disc-shaped data carriers with changing facility, in particular CDs, CD-ROMs, and DVDs, with a playback unit designed for playing a data carrier.

Figure 1 also shows a changing gear that has two alternate drive outputs. The first drive output 8 is designed inter alia for the function of adjusting a control member 8a which is movable further from an extreme position of the first drive output 8 by means of a further drive, with the result that an adjustment member, as disclosed in column 3, lines 19-24, carries out a switching-over operation between the two alternate drive outputs.

3. Claims 1, 4-6, 10, 13 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Tsuruta et al (EP 0 332 171 A2). Tsuruta et al shows in figure 10 a device for playing and storing several disc-shaped data carriers with changing facility, in particular CDs, CD-ROMs, and DVDs, with a playback unit designed for playing a data carrier.

Figure 10 also shows a changing gear that has two alternate drive outputs. The first drive output 5 is designed inter alia for the function of adjusting a control member 6 which is movable

further from an extreme position of the first drive output 5 by means of a further drive, with the result that an adjustment member carries out a switching-over operation between the two alternate drive outputs.

Allowable Subject Matter

4. Claims 2, 3, 7, 8, 9, 11, 12, 14, 15 and 17-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
